PLAN OF ATTACK • WORKBOOK

Instructions: Action Plan Workbook

This is any easy step where I just want you to print off the workbook provided. The purpose of the workbook is to use it to track and measure your results. It is also valuable tool that encourages accountability for you to attain the desired results.

The Action Plan workbook is a great tracking tool that you can refer back to in the months or years to come. You can redo the tests to see how you have progressed and also indicate what you may need to work on.
