Facial Gymnastics

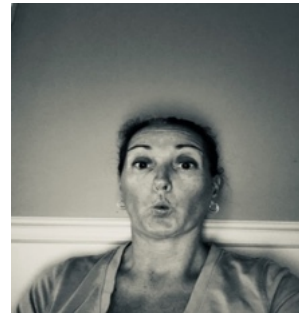

Add these facial exercises to your daily routine. They can help to improve your facial expressions. Try your best to look as silly as me!

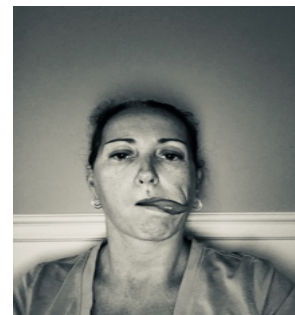

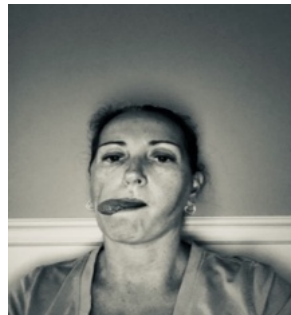

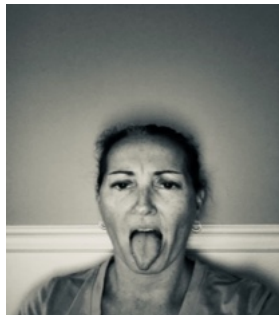

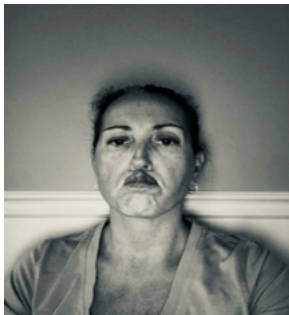

1. PUCKER up!

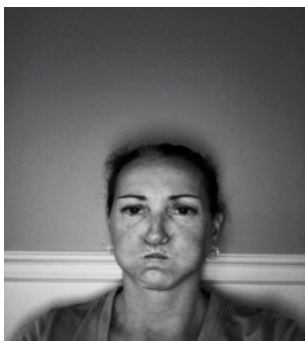

2. Make an exaggerated smile showing your teeth

3. Pretend to drink from a straw & breathe in. BONUS points if you open your eyes as wide as possible 😊

4. Stretch your tongue up and down and from side to side

5. Blow out your cheeks, simultaneously or alternately
