

PROTEIN FOR THE WIN!

Here are some meal suggestions tailored to menopausal women with Parkinson's, focusing on boosting protein and fiber intake while accommodating the timing for animal protein:

Breakfast Ideas

1- Greek Yogurt & Berry Parfait

Ingredients: Plain Greek yogurt, mixed berries (blueberries, raspberries), chia seeds, and ground flaxseeds.

Notes: Greek yogurt offers protein; berries, chia, and flaxseeds add fiber and omega-3s.

2- Avocado Toast with Hemp Hearts

Ingredients: Whole-grain toast, smashed avocado, hemp hearts, and a sprinkle of nutritional yeast.

Notes: A high-fiber, plant-based start to the day.

3- Overnight Oats with Almond Butter

Ingredients: Rolled oats, unsweetened almond milk, almond butter, and a topping of sliced banana or chopped walnuts.

Notes: High fiber from oats and protein from almond butter.

Veggie Scramble with Tofu or 3 Eggs

Ingredients: Firm tofu, spinach, tomatoes, bell peppers, and turmeric.

Notes: A plant-based protein option with fiber-packed veggies.

Smoothie

Ingredients: Plant-based protein powder, frozen spinach, ½ C frozen berries, unsweetened almond milk, 1 tbsp chia seeds or flax seeds and 1 tbsp nut butter of choice, almond milk/oat milk

Lunch

1- Lentil and Quinoa Salad

Ingredients: Cooked lentils, quinoa, arugula, cherry tomatoes, cucumbers, olive oil, and lemon juice.

Notes: Lentils and quinoa provide plant-based protein and fiber.

2- Chickpea and Kale Wrap or Animal protein of choice in wrap

Ingredients: Whole-grain tortilla, mashed chickpeas, kale, shredded carrots, tahini, and lemon dressing.

Notes: Packed with fiber and plant protein.

3- Stuffed Bell Peppers

Ingredients: Bell peppers stuffed with black beans(or ground beef), cooked quinoa, diced tomatoes, and nutritional yeast.

Notes: Black beans and quinoa make it a complete protein source.

4- Hearty Veggie and Lentil Soup or Thai chicken soup

Ingredients: Lentils(or chicken), celery, carrots, tomatoes, spinach, and vegetable broth. Add curry paste, soya sauce, coconut milk with chicken broth for thai version.

Notes: Perfect for fiber and plant protein.

Dinner Ideas

1- Animal protein- 25-30g, avocado, veggies (chicken, steak), sweet potatoes and salad

2- Protein Shake 30-40g (vegan protein powder, almond milk, water, 1/c berries or a banana, 1 tsp of nut butter

3- Grilled Salmon with Roasted Vegetables

Ingredients: Salmon roasted sweet potatoes, and asparagus.

Notes: Salmon is high in omega-3s and protein; sweetpotatoes and asparagus add fiber.

4- Zucchini Noodles with Turkey Meatballs

- Ingredients: Spiralized zucchini, turkey meatballs, marinara sauce, and a side salad with olive oil dressing.**
- Notes: Light on carbs but high in protein and fiber.**

SNACKS

Hummus & veggies

Yogurt with fruit +flax seeds

Peanut butter and apple wedges

Cottage cheese as a dip or with fruit
